

# AAA PEST PROS

## BEDBUG PREPARATION INSTRUCTIONS

Service is scheduled for:

Day: \_\_\_\_\_ Date: \_\_\_\_\_ Time: \_\_\_\_\_

### PRIOR TO SERVICE

If possible everything must be removed from the bedrooms except for the beds and furniture. Remove, wash and dry all bedding, pillows, sheets, comforter and blankets. Place in a black plastic trash bag. Do not put plastic bags on beds or furniture put them in the bathroom. Lean box springs and mattress' up against wall. Drain waterbed of enough water so that we may be able to pick up corner of mattress'.

Remove all clothes from closets, dressers, off of sofas and chairs, wash and dry in extreme heat. Then bag them in black trash bags and put in bathroom. Do not unpack and return clothes to your dresser and closets or on the sofas and chairs until services are complete.

Move all furniture away from wall 2-3 feet. Vacuum entire apartment, especially the edges. Take the vacuum bag outside and throw away. Do not share your vacuum with friends it may spread the infestation.

All food and dishes must be removed from counter tops and/or covered. This also means dirty dishes.

All personal hygiene items need to be placed in a ziplock plastic bag. Especially toothbrushes.

Pets must be removed from your apartment prior to service and must remain gone from 2-4 hours. Birds need to be for 24 hours. Remove and cover all pet food and pet dishes. Fish tanks must be covered with plastic wrap, unplug the air pumps and cover with a blanket or a towel.

Please plan to be gone from the premises for 2-4 hours. Children under the age of 2, anyone pregnant (human or animal), anyone with respiratory problems must be gone at least 4 hours. If in doubt call your doctor and find out how long you should be gone.

After each treatment wash off counter thoroughly and do not store anything under the beds.
